The call of the BLUE

THE DARK SIDE OF JAPAN

When it's time to explore the dark side, there's only one go to machine - the Yamaha MT-15 V2.0 decked with a power-packed 155cc engine, Traction Control System and Dual Channel ABS. Loaded with power, torque and technology, the MT-15 V2.0 lets you prowl the darkest avenues of the night, enabling you to conquer them. So ride out on the MT-15 V2.0 and become a mainstay of the night.

155cc LC 4V Fi Engine

The MT-15 V2.0 is a predator of the night. It is propelled by a reliable, powerhouse of a motor that's a liquid cooled, 155cc 4-valve engine. With loads of power on tap, you can easily tame the darkness, night after night.

Variable Valve Actuation (VVA)

Variable Valve Actuation system provides top-end power without sacrificing the torque of the MT-15 V2.0 in the low rpm range, ensuring that blistering power and torque is available throughout the rev range.

TRACTION CONTROL SYSTEM

Controls the engine power electronically to balance the speed at which the front and rear wheels rotate, thereby reducing rear wheel slippage, giving you better control over the bike.

COLOUR TFT METER WITH TURN-BY-TURN NAVIGATION AND Y-CONNECT

Creative Representation

- Call Alert
- App Connectivity Status
- SMS & Email
- Phone Battery level Status

Turn by Turn Navigation

Reach your destination in style. Turn by Turn Navigation now equipped in the TFT Meter takes you to your destination with the shortest path, avoiding traffic jams in quickest time.

Y-Connect App

Stay Connected even on the move. Y-Connect is Yamaha's latest innovation that lets you link your smartphone directly to your Yamaha motorcycle
